# VIRGIN MONEY LONDON MARATHON COURSE MAP

**If you ever get the chance to run it, run the London Marathon. IT IS A RACE LIKE NO OTHER.**

- Jamie

*The big marathons like London, with close to a million people lining the treet to support you, are so enjoyable - thanks to the spectators!*

- Dom

**The atmosphere in the city is exciting leading up to the race. Experience the joy of running through Great Britain's most historical city. The crowd support is fantastic with drums, bands, choirs and cheers encouraging you from start to finish.**

The course is relatively flat and scenic, making it attractive to runners of all ability levels. The start line is situated in the 17th century grandeur of Greenwich before dropping down to accompany the River Thames at Woolwich, then crossing over the historical Tower Bridge at about the half-way mark. The course then heads back down to the Thames towards Canary Wharf and past many of London's tallest buildings, followed by a loop back towards Tower Bridge and the Tower of London. You then continue on to the Embankment, passing Cleopatras Needle, reaching Big Ben, and then finally past Buckingham Palace to the big finish at Westminster Bridge.
